Swing Gate Motors

Explore our high-quality swing gate motors that combine innovation and reliability to secure your property with enhanced convenience. With BFT's cutting-edge technology and Tigerlink's commitment to excellence, find the perfect solution for your gate automation needs.

Discover a seamless blend of style and functionality with BFT's Swing Arm Gate Motors, designed for residential and light commercial applications. Elevate your property's aesthetics with BFT's Underground Swing Gate Motors, ingeniously concealed below the ground for minimal visual impact.

For heavy-duty swing gates and large-scale applications, choose BFT's Linear Swing Motors. Robust and reliable, their linear motion ensures stable gate movement, making them a popular choice for industrial complexes and gated communities. Tigerlink is your gateway to BFT's top-notch Swing Gate Motors. Discover the perfect balance of security, convenience, and style for your property with our exceptional products. Let us transform your gate automation experience with the reliability and innovation that only Tigerlink and BFT can offer.
